BAKHTAWAR AMIN MEDICAL AND DENTAL COLLEGE

Established in 1999, Bakhtawar Amin Memorial Trust includes a state-of-the-art Hospital, Medical and Dental Colleges, College of Rehabilitation Sciences, and a College of Allied Health Sciences.

Our accessible location plays a pivotal role in bridging the gap between the urban and rural population of Multan and its peripheries. Our hospital does not discriminate between patients when it comes to providing quality patient care through our specialized doctors, testing facilities, and separate wards for males and females.

Our colleges are the well-equipped in Pakistan boasting of latest facilities, state-of-the-art infrastructure, and quality education. We offer our students a rich education experience balanced with the latest technologies and learning models.

We are staunch believers in a merit-based and transparent admission process that will ensure a diverse student body that will contribute to a revolutionary tomorrow.

BACHELOR OF DENTAL SURGERY (BDS) Bachelor of Dental Surgery is a 4-year degree program focusing on management and treatment of oral health conditions through evidence-based dental practices. The BDS curriculum follows a team-based approach and employs experienced professionals to train our students in clinical situations and community interactions.
